

Inbox: Manage Business Processes for Worker

Sometimes you may get a step called **Manage Business Processes for Worker** in your Workday Inbox.

This is a standard step in the **Change Job, Request Leave of Absence, and Termination/End Contingent Worker Contract** business processes.

It triggers only if the worker has tasks in their inbox, if they have other processes happening to them, or if they are a delegate.

THERE ARE THREE TABS FOR THIS STEP

- a. In the Action column you can choose to **Reassign** or **Cancel**.
- b. If you choose to **Reassign**, you must choose who to reassign the task to in the next column.

Task	Business Process	Assigned To	Action	Reassign To	Subject	Due Date	Date Received
Open	Job Requisition: R-21702	7	<input type="button" value="Reassign"/>		Terminate Tony Roman		10/21/2021 10:22:17.534 AM
Open	Manager Evaluation: 2021 Annual Performance Review - Employee/Provider: Ryan Johnson	1			2021 Annual Performance Review - Employee/Provider:		10/21/2021 12:59:07.671 PM

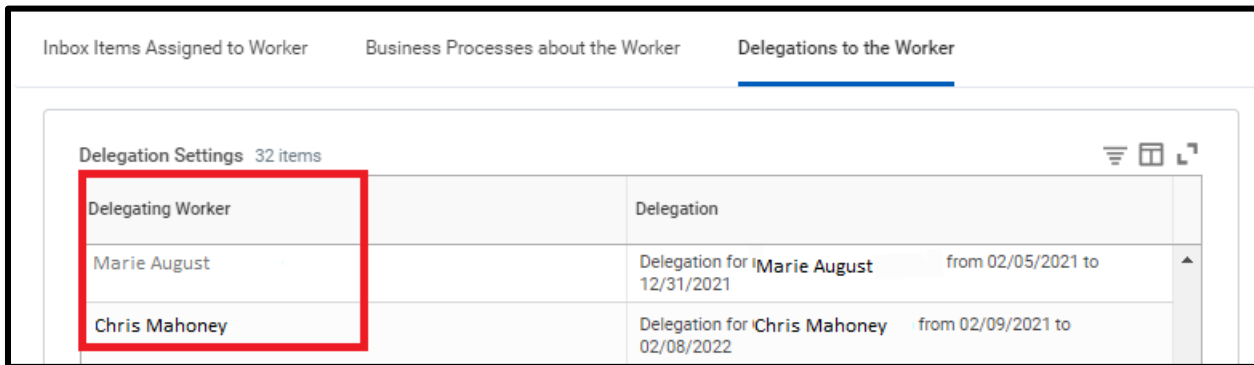

Not all tasks need to be Reassigned or Cancelled. Do not reassign tasks that require action by the worker (such as Open Enrollment, Contact Information Changes, Benefit Events).

- 2. **Business Processes about the Worker:** The second tab shows any pending transactions for the employee and allows you to cancel them if necessary.

Cancel	Business Process	Due Date
<input type="checkbox"/>	2021 Annual Performance Review - Employee/Provider: Michael Jenkins	
<input type="checkbox"/>	Internal Career: Michael Jenkins (Internal: Scheduling Specialist I)	

Inbox: Manage Business Processes for Worker

3. **Delegations to the Worker:** The third tab shows any delegations they may have. If any are irrelevant, contact the **Delegating Worker** and have them [turn off their delegation settings](#).

Delegating Worker	Delegation
Marie August	Delegation for Marie August from 02/05/2021 to 12/31/2021
Chris Mahoney	Delegation for Chris Mahoney from 02/09/2021 to 02/08/2022

SUBMITTING THE TASK

4. **Once you've reviewed all the items on this step and taken any necessary actions,** click **Submit** at the bottom.

Note: If no action was needed, simply click **Submit** to complete the task.

5. Any action taken on this step routes to the **Business Process Administrator** for review and approval.
