

# Reporting: RPT – Trended Turnover

## What is Turnover?

### DEFINITIONS

**Net Gain/Loss** is the number of external hires minus the number of terminations.

**Net Hire Ratio** represents the number of new hires for every termination in the reporting period. It is the sum of new hires divided by the sum of terminations.

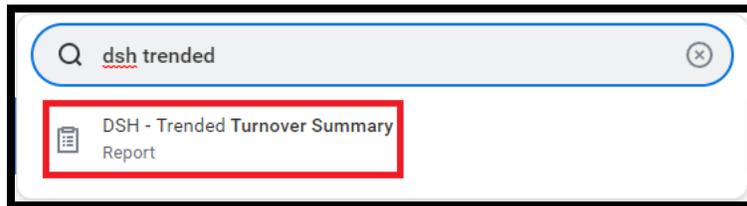

**Voluntary Termination** are terminations where the reason selected is in the Voluntary Category.

**Involuntary Termination** are terminations where the reason selected is in the Involuntary Category.

**Transfer information** is not included; for that information, look at our [RPT - Transfer Listing](#) job aid.

## Running the Report

To get to this report, type **DSH – Trended Turnover Summary** in the Workday search bar. Click on the report name.

**NOTE:** This report will only show data for organizations that you have visibility to. For example, a Manager will only see their organizations. Someone with indirect reports such as a Vice President, has visibility all the way down their hierarchy (based on the organizations chosen in the prompt).
