

Change Job: Change in Job Classification – Normally Scheduled Hours

This job aid details **how to change an employee's normally scheduled shift hours**. This process is utilized to adjust an employee's normally scheduled shift hours for Geisinger recognized holiday hour allotments, when nothing else is changing. If an employee is eligible for holiday hours and no entry has been made to their scheduled shift hours, the **default amount will be 8 hours**.

NOTE: Do you have a delegate? Change job is a process that is available for delegation. That means a delegate can initiate a change job transaction. However, certain subprocesses, such as Propose Compensation Change, will still route to you as the manager for you to take action and/or approve.
